CONSTRUCT ROOF STRUCTURE FOR BULK SAND-SALT STORAGE
VILLAGE OF MERRIMAC, SAUK COUNTY WISCONSIN

The Village of Merrimac will accept bids until 4pm, April 30, 2018 for the construction of a permanent roof structure to cover its existing bulk sand and salt storage crib. Bidders are required to submit a detailed proposal to arrive prior to the April 30 deadline. Mail detailed proposals to Village of Merrimac, Attn: Administrator, 100 Cook St., Merrimac, WI 53561.

Interested bidders should request a digital/pdf copy of the Village's Concept Plan for additional project details. Contact Village of Merrimac Administrator, Ron Senger, via email at: Merrimac@merr.com, or phone at (608) 493-2122. Construction site is co-located with the Village Hall at 100 Cook St, Merrimac, Wisconsin. Construction work must be fully completed by October 15, 2018.

Project details:

The Village's existing sand-salt storage crib was constructed of 2'x 2'x 6' solid concrete blocks in October 2016 (stacked 3 blocks high) on a concrete slab, and without a roof structure. Crib size is approximately 14' 3" deep by 40' 6" long and 6' high (built into a sloping hillside and open on one side only, for materials access).

Work required includes the following:

- Set supporting posts or columns with footings as appropriate; roof opening at front of crib structure must clear 12' height (minimum).
- Build framing with roof joists and laminated header joists across two open spans at crib front.
- Use pressure treated lumber and treated plywood for framing, three walls and roof decking.
- Use steel panels over water/ice shield on treated plywood for roof and all 3 walls (walls to be enclosed from top of 6' high concrete blocks to roofline, approximately 6' above blocks).
- Rain gutter full length of back wall, with downspout to ground on one side.
- Structure will have no doors and no windows with a 2' roof overhang on all 4 sides.
- Selected bidder will submit plans stamped by an engineer as to the structural design (for Village review prior to construction).
- Additional requirements are provided within the Village's Concept Plan. The Village reserves the right to reject any or all bids. Published by the Village of Merrimac.
