

Village of Merrimac, Tip of the Month--June 2013

LAWNCARE/PROPERTY MAINTENANCE

Please be considerate of your neighbors: Village of Merrimac Code, Chapter 108 Property Maintenance, paragraph 108-3 in part states: *Grass shall be cut as often as may be necessary to maintain a neat and attractive appearance...if grass exceeds four inches in height, there is a presumption that there is not a neat and attractive appearance. Unimproved lots adjacent to or within established neighborhoods are to be maintained within the established standards of this chapter.*” We request your attention and continued cooperation on this matter.
