

RECYCLING AGRICULTURAL PLASTICS

**Recycle your agricultural plastics for FREE!
Bring them in supersacks or loose to the
Sauk County Highway Shop (620 STH 136,
West Baraboo) from 10 a.m. to noon on
Friday, October 18.**

**The following types of plastic will be accepted for recycling and
can be combined in a supersack or left loose:**

- Silage bags
- Bunker covers
- Bale wrap
- Plastic baler twine and mesh wrapping

Plastic must be handled appropriately for recycling:

- ◇ Remove forage, soil, or stones that have accumulated before storing.
- ◇ Reduce damage of equipment running over the plastic by cutting before removing silage or haylage.
- ◇ Cut the plastic into manageable sizes.
- ◇ Keep stored plastic in a clean and dry location until recycling.

**Ag plastics cannot be burned and have to
be managed through recycling or other disposal.**
